“Endless possibilities with individual stainless steel production”

IMAGINOX POOLS is the core company of IMAGINOX GROUP specializing in stainless-steel swimming pools, whirlpools, and wellness products with a sense of modern design. Precise high-tech production and the nature of stainless-steel material give endless possibilities to any wellness project design according to the individual needs and wishes of the client. We can create a pool of standard or unique shape, for massage or swimming, for a skyscraper terrace or family garden, with glass walls... Always based on your imagination.

POOLS

“Feelings that cannot be described other
than by your own experience”

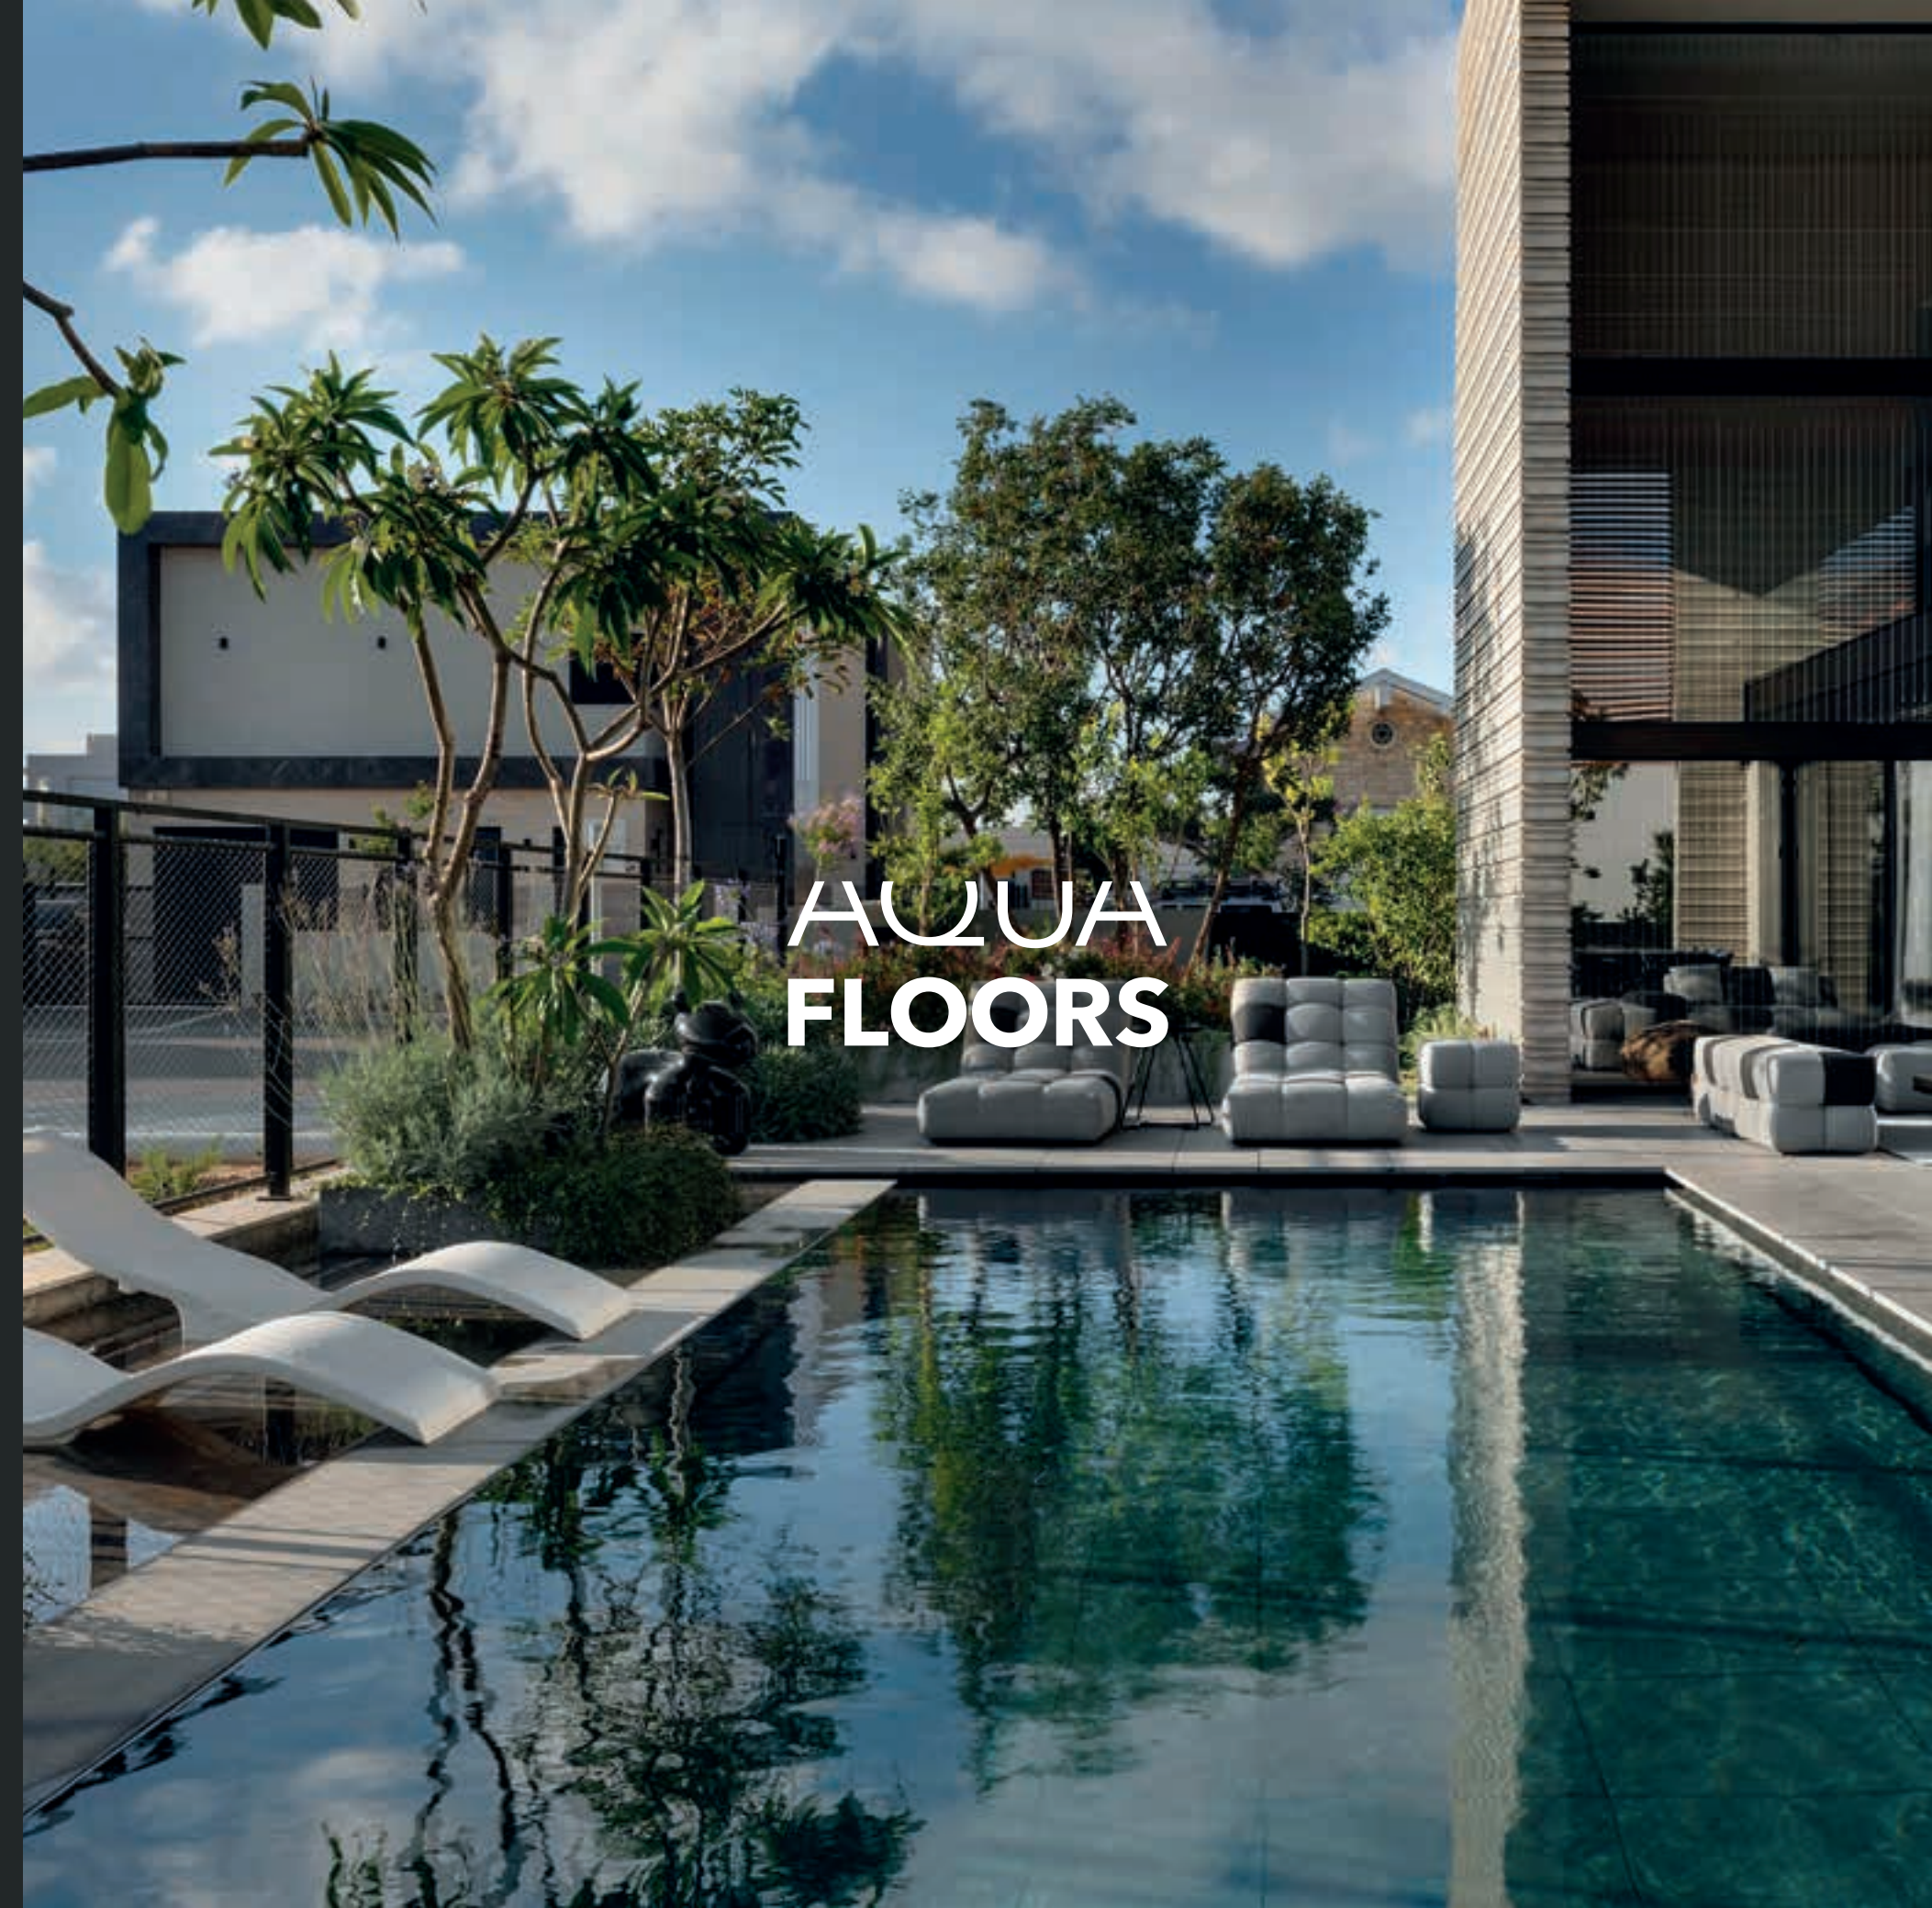

TAO is our producer of saunas and steam cabins with exclusive quality. The values the company stands for are modern and tasteful design, precise production, the possibility to adapt to any space, and a wide range of materials, designs, and thought-out accessories. Each sauna cabin is proceeded individually, starting with planning, production, and implementation with respect to the space and visions of our customers. We respect traditional handmade craftsmanship and the essence of working with quality natural materials – the harmony of a sophisticated design and natural peace that you can feel in every TAO sauna.

“Get the sensation of an exclusive lifestyle with luxury movable pool floors”

Covering is always an essential part of every pool. With AQUAFLOORS, this becomes not only practical but also a functional and luxurious addition to your household in every aspect. Our designs provide you with a pool for sports activities, a place for relaxation and peace of mind, a play area for the whole family, and a space for a dinner party with your friends in one place. AQUAFLOORS automatic moving pool floors are the most exclusive option for your swimming pool, defined by their outstanding design and innovative technology.

showroom

Exclusive Showroom

We love modern design, so we created a place to express our mindset and goals. It's located 45 minutes from Prague in the middle of Czechia, close to our manufacturing facilities.

Our showplace makes use of interior and exterior areas to show every possibility of our wellness designs. Come try all the features of our wellness products, and experience a true sensation of unforgettable relaxation for yourself.

Production Halls

The place where our vision and goals take shape. Placing the production halls and design departments in one location allows us to streamline the process of individual realization of each project.

Our companies come together to create a combination of modern technologically advanced production and quality craftsmanship with an individual approach to each product.
