mosaics

2019

Exclusividade, soluções estéticas inovadoras, novas cores, texturas e formatos, proporcionam a criação de ambientes onde se juntam a elegância, o conforto e o requinte.

Utilizando uma tecnologia sustentável, as pastilhas de grés porcelânico vidradas KERION MOSAICS são obtidas por mono-prensagem multi-camada, cozidas a 1200°C e confeccionadas com pontos de cola, garantindo a solidez, flexibilidade e facilidade de aplicação de produtos amigos do ambiente.

Exclusivity, innovative aesthetical solutions, new colors, textures and sizes, give life to ambiances of elegance, comfort and sophistication.

Using a sustainable technology, KERION MOSAICS offers dry-glazed porcelain stoneware mosaics, obtained by a multi-layer single pressing process, fired at 1200°C and dot-mount assembled, ensuring the robustness, flexibility and ease of application of environment friendly products.

Exclusivité, solutions esthétiques innovantes, nouvelles couleurs, textures et formats, proportionnent la création d'ambiances où se joignent l'élégance, le confort et la perfection.

Utilisant une nouvelle technologie, les mosaïques en grès cérame emmaillé KERION MOSAICS sont obtenues par monopressature en multicouche, cuites à 1200°C et assemblées avec des points de colle, qui garantit la solidité, flexibilité et facilité de la pose de produits amis du environnement.

Exklusiv, innovative ästhetische Lösungen, neue Farben, Texturen und Formaten beleben die Ambiente von Eleganz, Komfort und Raffinesse.

Mit einer nachhaltigen Technologie bietet KERION MOSAICS trocken glasierte Feinsteinzeug Mosaiken, durch eine mehrschichtige erhalten einzigen Pressvorgang bei 1200°C gebrannt und Dot-Mount montiert, wodurch die Robustheit, Flexibilität und Einfachheit in der Anwendung von umweltfreundlichen Producten gewährleistet ist.

Эксклюзивно-инновационные эстетические решения, новые цвета, текстуры и размеры придают интерьерам элегантность, комфорт и изящество.

Используя экологичные технологии, KERION MOSAICS предлагает глазурованную керамогранитную мозаику, производимую методом многослойного сухого одноразового прессования и обжига при 1200°C, собираемую в листы точечными клеевыми соединениями, тем самым обеспечивая надёжность, гибкость и простоту применения экологически чистых продуктов.

## tonalidade . tone

A variação de tonalidade e não homogeneidade das peças em porcelanato são características do produto. As imagens pretendem ser representativa do produto a fornecer.

Shade and homogeneity variations are inherent to all fired products. Actual images are meant to represent the material to be supplied.

Variations de nuance et manque d'homogénéité des mosaïques de grès cérame sont caractéristiques du produit. Les images sont destinées à être représentatif du produit.

## flexibilidade

flexibility . flexibilité . Flexibilität . Гибкость

As pastilhas Kerion são unidas com pontos de cola, permitindo uma maior aderência à base de colagem e uma flexibilidade acrescida.

Kerion mosaics are assembled with dot mount, allowing a better grip to the surface and an increased flexibility.

Les mosaïques Kerion sont unies avec des points de colle, permettant une plus grande adhérence à la base de collage et une flexibilité agrandie.

Kerion Mosaiken sind mit Klebepunkten befestigt, was einen stärkeren Einhaltung der Basispaste und erhöhte Flexibilität erlaubt.

Мозаика Kerion собирается в листы при помощи точечного соединения, гарантируя большую площадь соприкосновения с базовой поверхностью и повышенную гибкость.

## Folha prática, flexível e resistente

Practical, resistant and handy sheet . Feuille pratique, résistante et flexible .

Blatt flexibel, haltbar und einfach zu installieren .

Практичные, прочные и удобные листы
